[1] Includes payments required under the annual budget law, approvals of the Supreme National Security Council, and Cabinet decisions. These payments are not included under current expenditure because no allocations have been made for them by the Plan and Budget Organization.

[2] Central Bank adjustments reflect transactions involving the sale of oil invoices for which the CBI made the rial equivalent available to the Treasury before the corresponding foreign currency proceeds fell due, after deducting the shares of the National Development Fund of Iran (NDFI) and the National Iranian Oil Company (NIOC) in accordance with the annual budget law.

[3] It is the sum of the operating balance and net proceeds from the disposal of capital assets.

θ Calculation (of percentage change) is not possible.
More than 500 percent increase
∗ Figure is not a significant decimal fraction.

Note: Components may not sum to total because of rounding.
