## **Producer Price Index in Iran**

**Tir 1397**

**(1395 = 100)**

The Producer Price Index (PPI) went up 10.3 percent in Tir 1397. The index level of 135.6 was 27.8 percent higher than in Tir 1396.

For the first 4 months of 1397, the PPI edged up 17.9 percent, compared to the similar period in 1396.

This index moved up 13.1 percent for the 12 months ended in Tir 1397.

**Agriculture, forestry and fishing:** In Tir, a 10.5-percent increase in the prices of this group can be traced to the rises in the indices for barley, corn, melons, tomatoes, lucerne, grapes, apples, stone fruits, poultry, honey and Persian Gulf fish. In contrast, prices for pulses, root vegetables, dates and strawberries went down.

**Manufacturing:** The Manufacturing group index moved up 13.1 percent, which was mostly due to the rises in the indices for dried nuts and fruits, cooking oils, oil cake, "manufacture of fresh liquid milk, pasteurized, sterilized, homogenized", manufacture of bread and rolls, cigarettes, manufacture of shoes, paper, acetic acid, phthalic anhydride, butane, propane, exported manufacture of basic chemicals, exported ammonia, PVC, manufacture of exported plastics and synthetic rubber in primary forms, pesticides and insecticides, manufacture of synthetic fibers, respiratory pharmaceuticals, rubber

glove, "sponge, integral and foam", refractory brick, cement pipe, manufacture of basic iron and steel, aluminium sheet, conex, "manufacture of tanks, reservoirs and containers of metal", metal cans, gas meters, gas regulator, cooler electromotor, batteries, manufacture of other electronic and electric wires and cables, gas valves, industrial valves, industrial ventilator, manufacture of machine tools for turning, manufacture of passenger cars, car oil filter, car air filter, bumper and fender of car, blood and serum set. On the contrary, prices for paraxylene and staple copper declined.

**Services:** Increases in the indices of transportation and storage, restaurants, swimming instruction, out-of-schools tuition fees, hospital activities, and activities of medical laboratories and diagnostic mainly led to 6.0 percent rise in the services group index.
