² Includes the public sector's participation papers. Figures related to the public debt to banks and credit institutions are prepared based on the data kept in the general ledgers of banks and credit institutions and are not audited.

³ To avoid double counting in calculation of Gharz-al-hasaneh sources and uses, blocked sources must be excluded from the sum total of Gharz-al-hasaneh deposits. This is due to the fact that Gharz-al-hasaneh deposits include the Gharz-al-hasaneh deposits of Housing Bank and the uses related to this fund have already been assigned for housing purposes.

⁴ A major portion of government deposits with the banking system is related to the deposits in the OSF account and those of the NDFI in rials.
