| *  | Figure is not a significant decimal fraction             |
| □  | Figure is provisional                                    |
| ▲  | Previous figure now revised                              |
| ▣  | More than 500 percent increase                           |
| ∅  | Calculation of percentage change is not possible         |
| ●  | Figure has been rounded                                  |
| ○  | Percentage change has been calculated from round figures |

The year 1386 corresponds to 2007/08 (starting from March 21).

"Billion" means a thousand million; "trillion" means a thousand billion.

## List of Figures

|        |      | <b>Page</b>                                                                                                                      |    |
|--------|------|----------------------------------------------------------------------------------------------------------------------------------|----|
| Figure | 1.1  | GDP Growth                                                                                                                       | 1  |
| Figure | 1.2  | Economic Sectors' Contribution to GDP Growth                                                                                     | 2  |
| Figure | 1.3  | Economic Sectors' Contribution to GDE Growth                                                                                     | 3  |
| Figure | 2.1  | Estimated Production of Major Farming Crops                                                                                      | 5  |
| Figure | 2.2  | Guaranteed Purchase Price of Major Agricultural Products                                                                         | 7  |
| Figure | 2.3  | Subsidy Paid on Major Agricultural Products and Foodstuffs                                                                       | 7  |
| Figure | 2.4  | Outstanding Facilities Extended by Banks to Agriculture Sector                                                                   | 9  |
| Figure | 2.5  | Facilities Extended by Bank Keshavarzi                                                                                           | 9  |
| Figure | 3.1  | OPEC Members' Quotas in 2007                                                                                                     | 14 |
| Figure | 4.1  | Growth Trend of Main Indices in Large Manufacturing Establishments                                                               | 19 |
| Figure | 4.2  | Growth Trend of Average Production and Adjusted Wage of Employees in Large Manufacturing Establishments                          | 19 |
| Figure | 4.3  | Changes in Outstanding Facilities Extended to Non-public Manufacturing and Mining Sector and Government Development Expenditures | 21 |
| Figure | 5.1  | Total Floor Space in Construction Permits Issued by Municipalities                                                               | 30 |
| Figure | 5.2  | Number of Completed Residential Buildings in Urban Areas                                                                         | 32 |
| Figure | 5.3  | Growth in Housing Sector Indices                                                                                                 | 32 |
| Figure | 6.1  | Number of Carried Passengers                                                                                                     | 34 |
| Figure | 6.2  | Volume of Carried Goods                                                                                                          | 36 |
| Figure | 8.1  | Share of Employment in Various Economic Sectors                                                                                  | 42 |
| Figure | 8.2  | Ratio of the Share of 10 <sup>th</sup> to 1 <sup>st</sup> Decile Expenditures                                                    | 45 |
| Figure | 8.3  | Share of Expenditure Groups in 1386                                                                                              | 46 |
| Figure | 8.4  | Education Quality Indices in Iran                                                                                                | 47 |
| Figure | 9.1  | Composition of Government Resources                                                                                              | 52 |
| Figure | 9.2  | Government Fiscal Position                                                                                                       | 53 |
| Figure | 9.3  | Ratio of Selected Budget Items to GDP                                                                                            | 53 |
| Figure | 9.4  | Ratio of Selected Budget Items to GDP                                                                                            | 54 |
| Figure | 10.1 | Current Account Balance Components                                                                                               | 56 |
| Figure | 10.2 | Current Account Balance                                                                                                          | 56 |
| Figure | 10.3 | Distribution of Imports by Continents in 1386                                                                                    | 58 |
| Figure | 10.4 | Major Non-oil Exports                                                                                                            | 59 |
| Figure | 10.5 | Exports                                                                                                                          | 59 |
| Figure | 10.6 | Developments of US Dollar Rate in the Official Market                                                                            | 63 |
| Figure | 10.7 | Developments of Euro Rate in the Official Market                                                                                 | 63 |

|        |       |                                                                                                                          |     |
|--------|-------|--------------------------------------------------------------------------------------------------------------------------|-----|
| Figure | 12.1  | Major Economic Variables                                                                                                 | 69  |
| Figure | 12.2  | Outstanding Facilities Extended by Banking System to Public and Non-public Sectors                                       | 72  |
| Figure | 12.3  | Liquidity Growth and its Determinants                                                                                    | 74  |
| Figure | 12.4  | Factors Affecting Liquidity Growth                                                                                       | 74  |
| Figure | 13.1  | Share of Electronic Payment Instruments in Total Number of Electronic Transactions in the Banking System in 1386         | 82  |
| Figure | 13.2  | Share of Electronic Payment Instruments in Total Value of Electronic Transactions in the Banking System in 1386          | 82  |
| Figure | 13.3  | Share of Non-cash Payment Instruments in Total Number of Non-cash Transactions                                           | 83  |
| Figure | 13.4  | Share of Non-cash Payment Instruments in Total Value of Non-cash Transactions in 1386                                    | 84  |
| Figure | 14.1  | Performance of Insurance Industry                                                                                        | 85  |
| Figure | 14.2  | Share of Insurance Companies in Issued Premiums and Paid Claims in 1386                                                  | 86  |
| Figure | 14.3  | Share of Insurance Companies in Issued Insurance Policies and Paid Claims in 1386                                        | 87  |
| Figure | 15.1  | TSE Share Trading                                                                                                        | 90  |
| Figure | 15.2  | Comparison of Price and Dividend Index Growth with Inflation                                                             | 90  |
| Figure | 15.3  | TSE Monthly Indices                                                                                                      | 91  |
| Figure | 15.4  | Value and Volume of Offered Shares                                                                                       | 92  |
| Figure | 16.1  | Share of Private Banks in Banking Industry                                                                               | 96  |
| Figure | 16.2  | Share of Banks' Claims on Non-public Sector in Total Outstanding Debts of Public and Non-public Sectors                  | 96  |
| Figure | 16.3  | Ratio of Banks' and Credit Institutions' Assets to Banking System's Assets                                               | 96  |
| Figure | 16.4  | Ratio of Banks' and Credit Institutions' Reserves to Total Non-public Sector Deposits                                    | 97  |
| Figure | 16.5  | Banks' Concentration Ratio                                                                                               | 97  |
| Figure | 16.6  | Bank Spread                                                                                                              | 97  |
| Figure | 16.7  | Share of the Value-added of Monetary and Financial Institutions' Services in the Value-added of Services Sector          | 98  |
| Figure | 16.8  | Market Capitalization to GDP Ratio                                                                                       | 98  |
| Figure | 16.9  | Value-traded to GDP Ratio                                                                                                | 99  |
| Figure | 16.10 | Turnover Ratio                                                                                                           | 99  |
| Figure | 16.11 | Insurance Penetration Coefficient                                                                                        | 99  |
| Figure | 16.12 | Share of Value-added of Financial Institutions' Services in Value-added of Monetary and Financial Institutions' Services | 100 |
| Figure | 16.13 | Financial Depth                                                                                                          | 100 |
| Figure | 16.14 | Ratio of CBI's Outstanding Participation Papers to Monetary Base                                                         | 100 |
| Figure | 16.15 | Stages of Relaxation of Sectoral Credit Allocation                                                                       | 101 |
| Figure | 16.16 | Ratio of Outstanding Budgetary Facilities to Total Outstanding Facilities                                                | 101 |

|        |       |                                                                  |     |
|--------|-------|------------------------------------------------------------------|-----|
| Figure | 16.17 | Real Lending and Deposit Rates                                   | 102 |
| Figure | 16.18 | Share of Government Participation Papers in Government Financing | 102 |
| Figure | 17.1  | Changes of CPI, WPI, and PPI                                     | 105 |
| Figure | 17.2  | Contribution of Main Groups to CPI Changes in 1386               | 106 |
| Figure | 17.3  | Contribution of Major Groups to WPI Changes in 1386              | 108 |
| Figure | 18.1  | GDP Growth in Iran and Major Countries in the Region             | 116 |
| Figure | 18.2  | GDP in Iran and Turkey                                           | 116 |
| Figure | 18.3  | GDP per Capita                                                   | 117 |
| Figure | 18.4  | Ratio of Value-added of the Manufacturing Sector to GDP          | 117 |
| Figure | 18.5  | Annual Growth of Gross Fixed Capital Formation                   | 118 |
| Figure | 18.6  | Ratio of Gross Fixed Capital Formation to GDP                    | 118 |
| Figure | 18.7  | Ratio of Government Spending to GDP                              | 119 |
| Figure | 18.8  | Liquidity Growth                                                 | 119 |
| Figure | 18.9  | Inflation Rate                                                   | 120 |
| Figure | 18.10 | Unemployment Rate                                                | 120 |
