(1) Rate of return on the facilities extended for transaction (non-participatory) contracts

(2) As of Esfand 1388, Bank Saderat Iran, Bank Mellat, Tejarat Bank, and Refah Kargaran Bank have been classified as private banks.

(3) Based on the Supervisory-Policy Package of the Banking System in 1389, lending rate for transaction contracts with a maturity of less than 2 years is set at 12 percent and for more than 2 years, 14 percent. Moreover, lending rate on the facilities extended for installment sale contracts in the housing sector is 12 percent.

(4) According to the Monetary, Credit, and Supervisory Policies of the Banking System approved on Dey 20, 1390, lending rate on facilities extended under non-participatory contracts is set at 14 percent for credits up to 2 years maturity and 15 percent for credits of longer term maturity. Moreover, lending rate on the facilities extended for Islamic contracts under Mehr Housing Program in housing sector is set at 11 percent for the construction period of the new projects and 12 percent for installment sale after the completion of projects. Lending rate on the facilities extended for installment sale contracts in the housing sector is set at 13 percent. Moreover, based on Article 2 of these Policies, the decision on annual provisional profit rate of term deposits and general and special Certificates of Deposit (CDs) will be taken on banks' discretion.

(1) Discrepancies are related to figures released by Securities and Exchange Organization and the TSE.

(2) Includes the unofficial board. As of Aban 1387, the remaining companies on the unofficial board were delisted from the TSE.

(3) It includes shares traded and participation papers.

(4) The number and value of offered shares include Justice (Edalat) and Preferred (Tarjih) shares.

(5) Due to the implementation of new stock exchange system as of Azar 16, 1387, the calculation assumptions of number of buyers have been changed and it is not exactly the sum of its components.

APPENDIX

Summary of the Current Monetary Policy

Monetary and Credit Policies in 1390 (2011/12)⁽¹⁾

The Monetary, Credit, and Supervisory Policies of the Banking System, as approved on Dey 20, 1390 (January 10, 2012), comprising 4 Chapters and 23 Articles, were dispatched to banks and credit institutions. Chapters 2 and 3 of this Guideline are devoted to monetary and credit policies of Iran as follows:

Monetary Policy

Article 2- The decision on annual provisional profit rate of term deposits and general and special Certificates of Deposit (CDs) will be taken on banks' discretion.

Note: Credit institutions are obliged to set and finalize the provisional deposit rates under Islamic contracts at the end of the period based on credit institutions' profit and audited financial statement and the approval of the Central Bank.

Article 3- Credit institutions' commission may vary according to various term deposits (short-term and long-term) and must not exceed 2.5 percent. Credit institutions' board of directors should set the commission for term deposits at the beginning of the year through media accordingly.

Article 4- The CBI is authorized to issue participation papers and other types of Islamic Sukuk for monetary policy purposes up to the ceiling approved by the Governor. The amount of the issue, the maturity, and the provisional profit rates of these papers will be decided by the Governor of CBI.

Article 5- The provisional profit rate of participation papers issued by public and private corporations and municipalities is determined tantamount to the expected profit accrued from the investment projects and will be paid on a quarterly basis. The maximum provisional profit rate on these papers is set at 20 percent per annum. These papers can be repurchased by agent banks prior to maturity. The rate applied for the repurchase of these papers is 18 percent per annum up to one year after the issuance date. Thereafter (repurchase at more than one year after issuance date), 0.5 percentage point penalty rate is applied to the provisional rate for repurchase by agent banks. The issuing institutions are obligated to calculate the profit rate of the projects and finalize the profit payment to paper holders.

Note 1: The participation papers can be transacted at secondary markets in banks and the Stock Exchange.

Note 2: A maximum amount of 10 percent of the value of participation papers placement in the market will be deposited with the agent bank for paper buy-backs. This amount should be mobilized out of issuer's internal resources.

Article 6- A ceiling of Rls. 70 trillion will be applied for participation papers issuance by banks, government agencies, and municipalities (those receiving their issue license from CBI) for 1391 (2012/13). Other agencies which receive their issue license under the Note of Article 4 of the Law on Issuance of Participation Papers (receiving the issue license from Iran's Securities and Exchange Organization) will also be subject to a ceiling of Rls. 70 trillion in 1391 (2012/13). These ceilings for both groups of issuing agencies will be set by the Governor of CBI in the years after 1391 (2012/13).

Note: Ceilings set for participation papers in "Monetary, Credit, and Supervisory Policies of the Banking System in 1390 (2011/12)" shall be subject to regulations of the present Approval as of the approval date.

Article 7- In implementation of Article 83, Note B of Article 97, and Note Q of Article 224 of the 5th Five-Year Development Plan Law, the Central Bank is obliged to prepare the executive guidelines on Sukuk (both in rial and foreign currency) for the financing of public corporations, municipalities, and financial and credit institutions.

Note 1: The rate of Sukuk issued under the license of the CBI shall be set by the CBI, proportionate to the value of the underlying asset and maturity of Sukuk. Repurchase and secondary market transaction of these papers shall be subject to Notes 1 and 2 of Article 5.

(1) As of Dey 20, 1390 (January 10, 2012), monetary policies were replaced with new policies approved by MCC.

Note 2: The rate of Sukuk in the money market, issued under the license of the Securities and Exchange Organization or guaranteed by the credit institutions, shall be set in coordination with the CBI.

Article 8- The reserve requirement ratio of credit institutions (excluding specialized banks) is determined as in the respective table. The reserve requirement ratio of public specialized banks remains the same as before.

Note: All active institutions in the unofficial money market which are engaged in deposit taking operations are obliged, with CBI recognizance, to surrender legal deposit in line with this Article and based on CBI regulation on Gharz-al-hasaneh funds.

Article 9- The non-participatory contract profit rates for bank lending operations are set at 14 percent for credits up to 2 years maturity and 15 percent for credits of longer term maturity. The range of expected profit rates in participatory contracts between credit institutions and their clients is set between 18 and 21 percent. However, the profit rates of participatory contracts should be finalized at the completion of projects and on the basis of actual advancement of the project. Banks should not use installment participation schemes as a legitimate contract in their lending operations.

Note 1: Credit institutions are required to allocate a minimum of 20 percent of their non-Gharz-al-hasaneh resources to facilities under non-participatory contracts.

Note 2: The lending rate of facilities extended to the installment sale of housing units is set at 13 percent.

Note 3: The lending rate of housing sector under Mehr Housing Program is set at 11 percent under Islamic contracts for the construction period of the new projects and 12 percent for installment sale after the completion of projects.

Note 4: In cases of clients' advance-to-due-date payment of non-participatory (contracts) credit facilities, credit institutions and leasing companies have to reduce the principal and profit of loans at least by 90 percent of profit segment for the period from the time of debt settlement until debt due date. For housing loans in each advance-to-due-date payment, credit institutions can only charge Rls. 5 thousand as service charge and profit of the installment should be returned to loan customers.

Note 5: The formula for the calculation of profit in non-participatory contracts of banks lending like the one for provisional profit of deposits, is the same as has been under Circular No. MB/1521 dated Tir 18, 1386 (July 9, 2007). Under this formula, the calculation of profit for banks lending under non-participatory contracts and provisional profit of participatory contracts will be simple and not compound.

Note 6: The maximum profit rate for facilities by bank and non-bank leasing companies would be the rate for non-participatory Islamic contracts of Article 9. These institutions are not allowed to charge higher rates as service charge or final rate or in any other form.

Credit Policy

Article 10- In their lending operations, credit institutions should give the priority to employment generation and productive activities. Moreover, it is advised that credit institutions in sectoral allocation of the increase in their outstanding loans observe the ratios stipulated in the respective table.

Note 1: At least 90 percent of specialized banks' loans and facilities should be allocated to the sectors specific of those banks.

Note 2: The individual institutions that observe the sectoral schedule will benefit from reduced reserve requirement and other incentives of CBI in tandem with the observance of sectoral targets, based on CBI recognizance.

Note 3: Government-sponsored entities, in collaboration with President Deputy for Strategic Planning and Control and in cooperation with the CBI, utilize government budget incentive structure and instruments like administered account facilities and government profit subsidies to attain the sectoral targets.

Article 11- Credit institutions can extend loan and credit to their customers in line with the Law for Usury Free Banking and after deducing applicants' due diligence and receiving sufficient guarantees. These loans and credits shall be used for the following purposes:

1. Purchase of essential goods and services such as first-hand consumer durables from local producers, educational expenditures, housing deposit, and other basic needs at a maximum of Rls. 40 million;
2. Loans and credit facilities for housing repair at a maximum of Rls. 50 million;
3. Auto loans at a maximum of Rls. 70 million, not exceeding 80 percent of the value of the car;
4. Loans and facilities for the purchase of new pick-ups and taxis replacing the obsolete ones, up to Rls. 100 million, not exceeding 80 percent of the value of the new car.

Article 12- Extension of banking facilities by credit institutions and their subsidiaries including their affiliated leasing companies (except for Bank Maskan and special cases as approved by the MCC and Housing Council) is strictly prohibited, both the site and the superstructure.

Note 1: The maximum lending facility of Bank Maskan for housing purchase under saving for housing scheme for individual depositors is set at Rls. 250 million. The criteria for these facilities are proposed by Bank Maskan and approved by the CBI.

Note 2: The maximum lending facility under Mehr Housing Program for housing construction activities is set at Rls. 200 million for each housing unit. This ceiling can be raised to Rls. 220 million for housing construction projects which use semi-industrial construction technologies, and Rls. 250 million for housing construction projects which use industrial construction technology.

Note 3: Mehr Housing facilities can only be extended to housing construction activities which are carried out under Mehr Housing Program. Other housing construction activities are not allowed to utilize these preferential measures.

Article 13- Gharz-al-hasaneh loans and facilities will be extended within the framework of the Executive Guidelines on the Extension of Gharz-al-hasaneh Facilities by Credit Institutions to meet the emergency requirements of the applicants in need at a maximum of Rls. 20 million for healthcare, Rls. 30 million for the individuals of married couple (Rls. 60 million in total for the couple), and Rls. 100 million for job creation and empowerment of individuals under the patronage of Imam Khomeini Relief Foundation.

Article 14- Public banks are obligated and private banks are allowed to extend facilities to public procurement enterprises and entities for the purchase and procurement of subsidized goods and market regulation, only after issuance of guarantees by the President Deputy for Strategic Planning and Control and consent of the CBI as collateral.

Article 15- In line with the implementation of the Subsidy Reform Act, the executive agencies in charge of economic sectors are encouraged to allocate and blend their administered funds with financial resources of credit institutions within an operational contract framework to facilitate credit extension to new technology projects, projects linked to water and energy consumption reform, the working capital of companies, the incomplete projects, and the renewable energy projects.
